I'm Yara. I'm interested in keeping our environment clean. Last summer, my family and I went on a trip to a national park. It was a beautiful place with many birds and animals. However, we noticed a problem. There was a lot of plastic rubbish, like bottles and bags, left by visitors. Pollution is dangerous for the animals and harms the environment. My father said, "We must do something. As global citizens, it is our responsibility to protect nature." So, we decided to spend part of our day cleaning up. We put on gloves and started collecting the rubbish. Other families saw what we were doing and joined us. In just two hours, we collected ten big bags of plastic. The area looked much cleaner. This experience taught me that one person's action can inspire others. If we all collaborate, we can make a big difference and keep our planet beautiful.
