Elephants live in families. When a baby elephant is born, the family is very excited. They come close to the baby to welcome it and the mother helps the baby to stand up.
 The mother elephant looks after her baby very carefully. If it moves away from her, she brings it back. If the sun is very hot, she moves the baby under her body. If a baby can't climb over something, its mother helps it with her trunk. Sometimes, other young elephants help a mother elephant look after her baby. This is how young elephants learn to take care of babies.
 Elephants walk from place to place looking for food and water. When the elephants are walking, the baby sometimes holds its mother's tail. If a lion comes close to them, all the elephants stop and stand close together with the babies in the middle. It is an amazing world!

A. Choose the correct answer from a, b, c or d:

1. The passage is about
 (a) what baby elephants look like. (b) how mother and baby elephants live.
 (c) why people hate elephants. (d) when lions help elephants
2. The elephants walk to different places to
 (a) be excited (b) find other animals
 (c) look for food and water (d) live in cold weather
3. If a lion comes close, all the elephants
 (a) protect baby elephants. (b) run away
 (c) kill the lion. (d) move to another place.

B. Answer the following questions:

4. What does the underlined pronoun "it" refer to ?
